

CLEANABILITY

With all the responsibilities that come with being a homeowner, who needs the added stress of cleaning grout lines? With Tyvarian shower and bath panels, say Goodbye to dirty grout and mold and say Hello to your new stress-free bathroom.

Tyvarian surfaces are:

- Easy to clean with liquid cleaners (ie. Scrubbing Bubbles)
- Grout-free, worry free!
- UV and stain resistant
- Mold and mildew resistant
- made to easily wipe off water with a squeegee

Wall Slabs and Shower Floors

Made in the USA.

WHAT IS TYVARIAN?

Tyvarian is a solid surface material used to create shower and bath wall slabs, trim and shower floors that are grout free and watertight.

A bath surface like no other, installation is fast and easy; full wall panels and trim can be cut and installed in less than a day!

WHY TYVARIAN?

With 100 high definition colors to choose from, Tyvarian surfaces gives you the customization and variety that you can get with tile without the labor intensive installation or difficult-to-clean grout lines.

Tyvarian's Image Library includes:

- 40 White and Gray patterns
- 26 Brown and Wood patterns
- 34 Exotic and Water Jet patterns

*New patterns, designs and images added every year.
